

CARE Your Storage Pod is manufactured from a dense thermo-molded pod is covered with a durable canvas outside with a soft inner shell. Hand wash your Storage Pod with water and mild soap. Open Pod and drip-dry thoroughly before storing items in the Pod.

INSTALLATION Your Storage Pod secures to the motorcycle with high test web straps and nylon coated hooks. Select a secure area at the rear of the motorcycle to place the hooks (A). From the inside of the Pod, adjust the straps as necessary, to tightly secure the Pod to the motorcycle (B).

Check the tightness of the straps before riding. Never ride a motorcycle with loose equipment or accessories.

A. Secure Hooks

B. Pull strap as needed for secure fit from the inside of pod.

Be sure to correctly re-thread strap to fastener for a proper hold.
